Snikiddy Snacks Organic Mac n' Cheese Puffs

I love companies that have a social responsibility and back that up with good health and good ingredients. This company donates a portion of its profits to Vitamin Angels Operation 20/20, and the ingredient list on this package is short, sweet and organic! The only complaint I have is that the flavor name "Mac & Cheese" is somewhat misleading. I get the "Cheese" part, but where's the "Mac?" It's not in the shape of the corn puffs either, if you're wondering. Having said that, this product has a great, fresh cheese flavor and a crunch that kids will love. Retails for \$2.99/4 oz.
